

WHO SAYS
*tradition
can't have a
makeover?*

Who says that a Christmas tree foot has to be green, red and look like an industrial product? At Garden Glory, we think different and our Christmas tree feet are living proof. At last! A natural, organically formed Christmas tree foot that compliments your tree perfectly. With its twisting, mesmerising root design and strong, stable construction, it's already destined to become a holiday classic. The Tree Foot comes in three colors - crème white, matte black and silver.
